Math is life

1 Problem Statement.

Welcome to shesolves! Let's start by testing your advanced mathematical skills, shall we?

We have two integers: A and B, can you find the largest number among A+B, A-B, A*B ?

2 Input

$$-100 \leq A \leq 100$$
$$-100 \leq B \leq 100$$

3 Output.

Print the largest number among A+B, A-B, A*B

4 Examples.

4.1 example 1

Input:

```
-13 3
```

Output:

```
-10
```
